AN URGENT NEED FOR FRATERNITY

“...There is an urgent need to build a universal fraternity”, were the words we used to invite our networks to take part in a reflection on our work following the conflicts and attacks that killed so many people in France and throughout the world in 2015. Current events have rarely made such a clear call for us to examine our conscience and speak up and work together for a more just and fraternal world.

The reflection carried out in 2015 on our plans for the next 10 years identified four changes for which we want to strive, in order to be able to transform society: a recognition of the knowledge retained by the very poor, universal access to rights, the revitalisation of marginalised areas, and cooperation between people of different cultures and religions.

Our actions in 2015 are focused on those ambitions: the adoption of a new commitment charter that brings together stakeholders from all cultures and religions; the creation of the Caritas Habitat property company to innovate in solidarity-based housing and accommodation; advocacy in France on access for all to rights, settlement, professional training and mobility; advocacy carried out in Africa to reinforce the civil and political rights of populations facing leaders who hold a life mandate; our strong mobilisation around the COP 21 to raise awareness of the food security challenges facing the poor because of climate change; the development of the Saint Laurent network to recognise the value of the spiritual richness of the most fragile; and, lastly, the consolidation of the Caritas France network to bring together associations and foundations that want to innovate together and tackle the causes of poverty.

There has never been such an urgent need to work together to build a just and fraternal world. And we have never been more determined to work towards this goal, trusting that together we can make it happen.

Secours Catholique – Caritas France is an agency of the Catholic Church, a member of the Caritas Internationalis confederation and an association which is officially recognised as being for public benefit.

Our mission

Based on the Gospel, the mission of Secours Catholique - Caritas France is a mission of love and awakening of solidarity in France and throughout the world. Secours Catholique calls on everyone to commit to reach out, support one another and experience the joy of fraternity. These actors work to strengthen everyone’s capacity to have access to dignified living conditions. The association fights against the causes of poverty, inequality and exclusion, and proposes alternatives for the common good.

Our values

Faithful to its founding principles, Secours Catholique-Caritas France’s projects are rooted in the Gospel and in the social teaching of the Church: respect for human dignity, justice, solidarity, fraternity, and the preferential option for the poor.

**Sources of Income**

The socio-economic activity of Secours Catholique - Caritas France is based on voluntary work and represents €339M. Secours Catholique - Caritas France is a body that relies mainly on private generosity and volunteer’s efforts.

**Methodology:** Our database records details of the 67,500 volunteers who devoted time to Secours Catholique in 2015. On average, each volunteer dedicated nearly 25 days throughout the year. If this time spent is valued at the hourly French minimum legal wage (including social security contributions) or twice the minimum legal wage for volunteers in positions of responsibility, the time donated is valued at €193M, to which volunteer expenses which were not reimbursed should be added (€2M). In addition, the figure includes the holiday vouchers for supported families (€2M), and in-kind support and goods received (€1M).

**Voluntary Work (& Various)**

€198M

**Financial Resources**

€141M

It is first and foremost the generosity of the public which enables Secours Catholique to carry out its work. The donors were more generous than ever in their funding of Secours Catholique’s work, despite the dramatic events at the end of the year. Enterprises and foundations increased their donations. Including legacies, donations and life insurance proceeds for €39M, combined with contributions to support campaigns, public giving generosity represents €105M (75% of total income), to which the €5M of designated funds from previous years should be added. Fundraising has, therefore, provided €105M for the association’s activities. Another form of generosity, private funding, has also increased, reaching €8M (including €2.8M from Fondation Caritas France and €2.5M from a Swiss foundation).
OVERALL EXPENDITURE

€25M including €24M in financial resources. 4.2 million people benefited from international aid, through 707 operations carried out in 72 countries, in cooperation with partners, mainly from Caritas Internationalis.

Reserves policy

The capital account basically derives from a valuation of real estate holdings.

In its Association Fund, Secours Catholique retains a consideration equal to the property values, working capital reserves (€46M) relating to the funds required for its current activities (six months), in accordance with its statutes, and contingency funds (€24M) for one-off projects needed for the expansion of its activities.
At a time when different forms of deprivation and poverty are proliferating, our aim in creating the Caritas France Network is to formalise the bringing together of partner associations and foundations that share Christian values, as well as having the same principles and goals. The network enables them to join forces and combine resources and skills to support those who are living in deprivation or are excluded, and to awaken a mutual commitment and fraternity to tackle the causes of poverty. In 2015, our partner entities signed a Charter which provides them with a flexible framework to be able to work better together and to be able to welcome in new partners who share the same values and goals.

The Caritas Internationalis network

Secours Catholique - Caritas France belongs to the Caritas Internationalis network, a confederation of 165 catholic organisations working across the world. Caritas shares the Church’s mission. Inspired by the values of the Gospel and the social teaching of the Catholic Church, Caritas responds to disasters, promotes human development and advocates against poverty and conflict. Caritas is organised at the local (Parish), diocese, national, regional and international levels. The national Caritas organisations are autonomous, reporting to their own Episcopale Conference, but they come together into the confederation, an organ of the Universal Church. The General Secretary of Caritas Internationalis is Michel Roy, formerly director of international advocacy at Secours Catholique. Caritas Europa brings together 49 Caritas organisations, working in 46 European countries. Together, they focus on poverty, exclusion and social inequalities, as well as on migration and asylum. Based in Brussels, Caritas Europa ensures that its members’ voices are heard by European institutions, EU member states and other public and private partners. Caritas Europa also supplies emergency humanitarian aid and runs development projects throughout the world.
Information for this 2015 overview is taken from the annual report and the 2015 financial statement.

The annual accounts, including the annual expenditure accounts, were certified by Deloitte, the external auditor, then approved by the Annual General Meeting on 10 June 2016. They are available on the website www.secours-catholique.org. Alternatively, a copy can be obtained by writing to Secours-Catholique, 106 rue du Bac, 75341 Paris Cedex 07.

The auditor, in addition to certifying the accounts, checks on 10 delegations each year, meaning a third of all delegations are monitored in-depth every year.

The Charter Committee on donating with confidence is an accreditation and monitoring body for organisations and foundations that make public fundraising appeals. Its role is to promote adherence to statutory requirements and charitable purpose, rigorous management, good quality communication, fundraising, and financial transparency. On 26 March 2015, the Charter Committee renewed its triennial accreditation.
