2018 OVERVIEW

Understanding Secours Catholique – Caritas France, its mission and its work.

WE NEED CHANGE AND WE ARE COMMITTED TO IT

The social and environmental crises which primarily affect the poorest in society, require us to make changes. This is the ambition of the project launched in 2016 by Secours Catholique – Caritas France. It identifies four changes which are necessary for working towards a fair and fraternal world.

Let’s start with the change which aims to incorporate the knowledge of the most vulnerable people. With this aim in mind, our National Activity Council, a new national governing body, of which one third are people who have experienced poverty, met at the beginning of the year. As part of the same action, 150 discussions were held at the end of the year in our delegations to bring the voice of vulnerable people to the national debate.

The second change is that of access to rights for all. Our support for affected people as well as our ‘Social welfare survey’ for a radical reform of our social security are the focus of our work. This advocacy extended to basic human rights for all, with the signature, in December, of the Global Compact for Safe, Orderly and Regular Migration. We are proud to have contributed to this hard-hitting text as part of the Caritas network.

The third change involves setting up new methods of sustainable development in the territories. So, sessions were held in 2018 throughout our regions with a view to sharing experiences with residents and partners from the same territory, as well as with our international partners, to bring about change.

Meeting in August in Saint-Malo for the 5th Summer School, young members of the global Young Caritas network began working on the fourth change which aims to generate practical cooperation between different cultures and religions. They reminded us that social and ecological issues are closely linked and set us on our goal for years to come: to make a commitment to the social, ecological and spiritual change needed to protect our common home.

SECOURS CATHOLIQUE — CARITAS FRANCE

Secours Catholique-Caritas France is a branch of the Catholic Church in France, a member of the Caritas Internationalis confederation and an officially recognised non-profit organisation.

OUR MISSION

Founded on the Gospel, the mission of Secours Catholique-Caritas France is to offer love and awareness of solidarity in France and around the world. Secours Catholique invites everyone to engage with and support others and experience the joy of fraternity. Its members work to increase everyone’s ability to act so that people can live in dignity. Secours Catholique-Caritas France fights the causes of poverty, inequality and exclusion and proposes alternatives that serve the common good.

OUR VALUES

Trust: believing in everyone, having hope for them and valuing their abilities.
Commitment: the desire to serve others, to receive and to give, to take action for justice.
Fraternity: quality relations based on respect, affection, mutual support and the pleasure of being together.

OUR PRINCIPLES FOR ACTION

› Work with people living in poverty.
› Pay attention to each person’s spiritual needs.
› Take time to build relations and adopt a long term approach.
› Work in partnerships and networks, locally and globally.

ACCTIONS

In France, 1,350,000 people were supported in 2,400 centres.
Internationally, 598 operations were carried out in 2018, in 63 countries or regions, in association with the Caritas Internationalis network (165 Caritas groups). In one year, nearly 3.9 million people benefited from international aid from Secours Catholique-Caritas France.

OUR NETWORK

› On 31 December 2018 there were 74 delegations, divided into 3,550 local teams in mainland France and French overseas territories, covering the entire national territory. Through its network of volunteers working in local teams, people are given emergency support, and aided in every aspect of life to regain their place in society. Action is taken to support social interaction and integration into society through community shops, back-to-work courses and more…
› The network numbers 66,000 volunteers and 940 employees across the territory.

3 CENTRES:

• La Cité Saint Pierre is a centre in Lourdes that welcomes pilgrims living in poverty from all cultures, religions and nationalities. It is also a training centre where experiences are shared and fraternal service is the norm. (Budget: €4M)
• La Maison d’Abraham in Jerusalem provides shelter for vulnerable pilgrims of all religions, particularly those from the Middle East, but also for members of the Caritas network and the Church diaconia. (Budget: €1M)
• The CEDRE Asylum Seeker and Refugee reception centre aims to support the network of delegations in the reception of overseas nationals and to welcome and accompany vulnerable asylum seekers in Ile de France. (Budget: €1M)

GOVERNANCE AND CONTROL

The General Assembly has 183 members, divided into two categories: 152 active members – qualified administrators, presidents and vice-presidents from delegations, and one treasurer per region – and 31 honorary board members. The age limit is 75 years old.
The Board of Directors comprises 21 members, all voluntary; Twelve are presidents or vice-presidents from delegations, nine are qualified individuals. Each member has a three year term of office, renewable twice. The Board meets 11 times per year. The committee is made up of a president, two vice-presidents, a treasurer and a secretary.
The general chaplain and the general secretary attend committee and board meetings, without a deciding vote.
The socio-economic model of Secours Catholique-Caritas France is based on the commitment of 66,000 volunteers. Most of the estimated value of €344M comes from support from civil society and is primarily based on voluntary work and financial resources from public giving.

Value of volunteer involvement: A database recorded the activities of the 66,000 volunteers who dedicated time to Secours Catholique in 2018. Each volunteer gave an average of just over 25 days over the year. Based on the hourly minimum wage (SMIC including social security), or twice the SMIC rate for volunteers in positions of responsibility, this donated time is valued at €201.3M, added to which are costs not reimbursed to volunteers (€2.2M). On top of this amount is the donation of skills and holiday vouchers received for families supported (€1.5M), support in kind received and goods made available (€1M).

Public generosity is the main resource that allows Secours Catholique-Caritas France to operate. Donors have continued to be very generous (€57M), although donations have declined, due mainly to difficult economic and social conditions. Including bequests, donations and life insurance which total €43M and events which raised €2M, public giving amounted to €102M (74% of total funds). Other private funding (€6M) and other income (€6M) were more or less stable whilst public subsidies increased slightly (€9M), to which can be added €3M in funds rolled over from previous years. Through fundraising for the year and previous years, public giving financed €39M in charitable activities, €11M in fundraising activities and €11M in operational costs.
Secours Catholique carries out community actions to combat poverty and exclusion and involves public institutions to raise the profile of its activities and to promote social justice. It carries out its mission in France through 3,500 local teams of volunteers who supported 1.35 million people, and internationally through 598 projects which supported 3 million people.

The Caritas France network was formed by Secours Catholique–Caritas France to bring together organisations to help create, or which share its values, outcomes and principles for action. **TRANSPARENCY AND CHECKS**

Information provided in the 2018 Overview is taken from the 2018 Annual Report and Financial Statement. The annual accounts, including the accounts on the allocation of funds, have been certified by the auditors, Deloitte, and approved at the annual general meeting on 6 June 2019.

- The accounts are available on the website www.secours-catholique.org
- Or by written request to Secours-Catholique - 106 rue du Bac - 75341 Paris Cedex 07

The **Auditor**, in addition to certifying the accounts, carries out checks on 10 commissions every year. Along with the internal audit department, a total of one third of commissions are checked every year.

The **Give with Confidence** (Charter Committee) is a non-profit organisation which carries out checks on fundraising activity which targets public generosity. It draws up ethical rules, issues the ‘give with confidence’ label to non-profit organisations and carries out continuous and independent checks on their commitments. These are based on the principles of respect for donors, transparency, and the quest for efficiency, integrity and impartiality in these areas: governance, management, and communication. On 26 April 2018, Secours Catholique saw its “give with confidence” label renewed for a further three years.
